IMPORTANT LINKS:

THE SCORING SYSTEM

Below is a rundown of the scoring system, please save the link to the web-based app that you will use to track your score on your cell phone.

For individual Golfers, on the day of the event you will find your QR code on the golf cart, please scan that code in and open the app. You can track all your scores this way. Should you need any further information, please see the registration desk on the day of GOLF.

The Easy Scramble Scoring System allows you to utilize a virtual scorecard (your Cell Phone) instead of a manual handwritten score. What the leader board change real-time throughout the day. Be sure to note our scoreboard logo sponsors as they scroll across the top of the app.

We will be watching real-time in the golf pavilion!

Team Clifford is the typical scramble in which one player on each team sits out each shot. A scramble works like so: Each player on the team (usually groups of four, but smaller groups as well) tees off. The best of the four shots is selected, all players move their balls to that spot and play their second shots. The best of the second shots is selected, all players move their balls to that spot and play their third shots; and so on until the ball is holed.

In a Four Person Scramble, the twist is that the player whose shot is selected doesn't get to play the next shot. So, in a team of four, all four players tee off, the best shot is selected, then only three players hit their second shots. The best of the second shots is selected – and the player who hit it sits out the third shots; and so on until the ball is holed.

A Four Person Scramble can help spread the “best shots” around among teammates, but it does mean that one player has to sit out every shot.

Golf Clinic

If you ain't got it – it's never too late to get it! HMSDC will be conducting a Golf Clinic for "golfers in training" – minority business owners and corporate members who want to practice their swing or begin to learn the game, can do so under the guidance of an accomplished golf pro. So, what if you miss the ball a few times, but you won't miss the opportunity to laugh and learn with other minority business owners and corporate members who may help drive some business your way.

The instructions are definitely "hands on." Come out to the driving range and practice how to grip a club, swing it, and actually hit the ball! Each pro will instruct small groups of five to ten novices and focus on the fundamentals of golfing. Don't worry about purchasing or renting golf equipment. Golf clubs and balls are provided by Black Horse Country Club. Your favorite sneakers will suffice for golf shoes.

The clinic will be conducted from 9:30 a.m. to 12:00 p.m. The cost of the clinic includes practice on the driving range guided by pros, additional practice time on your own, free beverages and

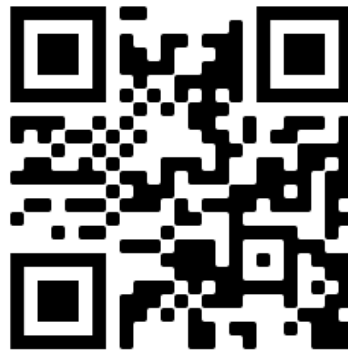

snacks, and the awards luncheon – yet another great networking opportunity! Don't be caught on the sidelines, **GET ON THE GREEN.**
